COURSEWORK

- Data structured & Algorithm
- Object Oriented Programming
- Fundamentals of Networking
- Full Stack Web Development
- Prompt Engineering

SKILLS

- Programming in JAVA
- HTML , CSS , JS
- Bootstrap,Tailwind
- MERN(MongoDB,Express,Node,React)
- Basics of Firebase & MySQL
- React Native
- Git and Github
- Postman API Testing

LANGUAGES

- ENGLISH
- TAMIL
- HINDI

OBJECTIVE

"Aspiring MERN stack developer proficient in HTML, CSS, JavaScript, and version control with GitHub. Excited to contribute creative solutions and collaborate in dynamic development settings. Leveraging fundamental skills in Java and MySQL to thrive in web development. Pursuing opportunities for ongoing learning and advancement."

WORK EXPERIENCE

TOUCH LOGIC TECH| Web Developer | Summer Intern |Tirunelveli   Jun 2023

- "Internship completed, now proficient in web development Basics with Bootstrap, jQuery, and Tailwind CSS"
- "Solid understanding of HTML,CSS,JS by buliding Amazon Clone and Knowledge of Website, ready to contribute to frontend projects."

Projects

Task Manager - CRUD | MERN | Redux | JWT | OAuth

- Streamlined the user authentication process for our MERN-based Notes app by integrating Clerk. Simplified user registration, login, and task management with Clerk's secure and user-friendly authentication features, enhancing both security and user experience.

DATE WITH DEV HUB FOR JUNIORS | React | Tailwind | APIS

- Developed a comprehensive learning platform, "Learn Hub," aimed at providing junior students with a centralized resource fortheir academic and technical growth. The platform features a user-friendly interface and a robust APIS to deliver a seamless learning experience.

CRYPTO MARKETPLACE | React | CSS | Context API

- Created a cryptocurrency tracker using React.js and the CoinGecko API to monitor daily updates of all coins. Enhanced my understanding of RESTful APIs and their integration into web applications.

EXPENSE TRACKER | React JS | Router | Local Storage

- A user-friendly application designed to help individuals monitor and manage their daily expenses effectively. Features include budgeting tools, expense categorization, and detailed financialreports to ensure better financial planning.
